

ANNUAL REPORT

Year : 2022-2023

- Name of the Organization:** CHILD GUIDANCE CENTRE
Address of the Institution: 7-6/2, Santoshsadan, Ganeshnagar,
Peerzadiguda, Hyderabad-Telangana-500098.
Email: cguidancecentre@yahoo.com,
hallowcgc@yahoo.com
Phone No: 8367675467

History of the Institution:

Child Guidance Centre is a registered, non-profit making voluntary organization actively working to promote the welfare and interest of disabled children, economically poor and needy, orphans, and old age people. “**Reaching the Unreached**” is the **motto** of the organization. All the projects are predominantly aimed at empowering women and children to live a healthy and independent life and contribute positively towards creating a healthy and enriched society.

The organization has been actively working for the past five decades. Since 1973 the Child Guidance Centre (placed in Hyderabad) with about 120 permanent employees and several voluntary workers offers care with special claims for children and teenagers with various disabilities, mental retardation and/ or multiple disabilities.

Child Guidance Centre works with a goal of making people with mental, physical or social disability become intellectually active, physically strong and socially competent. Their aim is to make all of them valuable members of the society by utilizing multifaceted rehabilitation and education measures. The aim is to enable them have the same opportunities, privileges, and rights as all other citizens. Child Guidance Centre works towards providing equal access to all the people in the society irrespective of their caste creed and religion. It focuses on empowering the economically poor section of the society. Child Guidance Centre has been working actively to break the wall of discrimination created by the society by enabling different sections of the society have an equal access to opportunities of varied kinds. Child Guidance Centre believes in the concept of Unity in Diversity.

Details of Work Place:

Child Guidance Centre is a non-government organization situated in Hyderabad which is in the newly formed Indian State of Telangana. The organization is currently working on several projects distributed in the states of Andhra Pradesh and Telangana with its head office at Hyderabad. The organization is in its Golden Jubileeacademic year working for the rehabilitation and empowerment of children with Developmental and Intellectual disability.

2. Details of the Registration of the organization:

The organization was established in the year 1973 by deeply committed private persons and was officially registered under the Societies Registration Act of India with No.: 315/1981 in the year 1981. This legal structure corresponds to a non-profit and generally accepted society. The organization is registered with the National Trust of India and Persons with Disability Act. The institute is also recognized by the Rehabilitation Council of India. The organization is supported by the Government of India and also the Government of Telangana State.

1. Objectives of Child Guidance Centre:

- a) To promote policies and programmes for the advancement of women, children and youth by strengthening their skills through education, training and protection of their rights thus enabling them to be an important human resource of the property.
- b) To promote rehabilitation homes for the vulnerable group of the society including women and children (street children, orphan, HIV affected children, destitute women, etc.) by providing them the right intervention and support.
- c) To strengthen the disaster management programmes in the state by enabling right kind of preparedness and action for any kind of human and natural disaster.
- d) To work towards creating a healthy environment for providing healthy living conditions both in urban and rural areas and sustaining good health of the inhabitants.
- e) To work towards the amelioration of the society by dealing with factors inhibiting its development especially in rural areas

5) Details of the projects run/undertaken by the institution:

The institution currently runs nearly 10 projects in different parts of the states of Andhra Pradesh and Telengana.

1. Child Guidance Centre-Special School.
2. Happy Home-Home for the Street children.

13. Herald's Human Resource Development.
14. Centre for Traumatized women.
15. Promoting Health and Hygiene in Guntur.
16. Short term Courses affiliated to Board Of Intermediate Education , Andhra Pradesh
17. Dr Swarnlatha Devi Vocational Junior College, Guntur.
18. Community Health Shelters.
19. Holistic Rehabilitation Facility.
20. Radi Swarna CGC 90.8 FM. (Community Radio Station)

Project 1: CHILD GUIDANCE CENTRE-Special School for the Mentally Challenged

Child Guidance Centre was established in the year 1973 with a motive of making the mentally challenged self-dependent and productive members of the society by providing them opportunity for education, vocational training and economic rehabilitation. The school started with a vision to make the Mentally Challenged

“Mentally Active, Physically Strong and Socially Competent”. It has rendered five decades of valuable service for the upliftment of the lives of the disabled.

Project 2: HAPPY HOME-Home for the Street Children

The Happy Home Project was established in the year 2003. The program envisages multidimensional activities from the stage of survey to the stage of eventual rehabilitation of the street children leading them to a path of independence making them self supporting adults by providing them shelter, food, clothing, health care, protection, education, training, skill development and placement assistance. The program includes restoration to parental care, whenever this course is found feasible and desirable in the interest of the child concerned. The project has been successfully running since the year 2003.

Project 3: TOBY SCHOOL-Special School for the mentally Challenged

Toby school is a branch of Child Guidance Centre (Special school for the mentally challenged in rural area) established in the year 2002 at Swarnanagar, Ghatkesar. A large number of street children from the Happy Home were diagnosed as mentally challenged. The Tobi School provides special services to these children of the Happy Home, apart from special education thus helping them to be independent individuals.

Project 4: BALABATA

Balabata is a development initiative for nearly 1200 Dalit children in 4 districts who are in the age group of 5-10 years enrolled in the local primary schools. The teachers in the Primary school are appointed and paid by the State government. Most of the teachers stay in the nearby towns but not in the villages where they are supposed to stay and work. Hence the teachers failed to devote more time to students. The illiterate parents neglect their children’s education. Hence the drop out rate is high. To reduce the drop out rate the Balabata program was started.

Balabata program is four fold:

1. Education through play way methods-Songs and Scripts.
2. Encouraging children to motivate their parents to start kitchen gardens at their homes.
3. Encouraging children in Clean and green activities.
4. Enabling their parents to take up Income Generation programs.

Project 5: CHEYUTHA PROJECT

Cheyutha Project is an Income Generating Program wherein the parents of the disabled are provided loans to support better employment. Over the last several years many children / parents have utilized this opportunity and have expressed their satisfaction

Project 6: COMMUNITY BASED REHABILITATION PROGRAMS

Regular Camps are conducted in different districts to identify the disabled and provide them with proper support and referrals and involving several stake holders. Door to door surveys are conducted at regular intervals to identify the handicapped and help them by providing them appropriate information regarding rehabilitation services available. The Community Based Rehabilitation Programs gradually aim at enabling the community to take up the responsibility of the disabled people.

Project 7: HIV-AIDS -CARE, SUPPORT AND AWARENESS PROGRAM

“Prevention is better than cure” as such to fight against spreading of HIV/AIDS through cultural programmes is the main endeavor/aim for this unique project to reach the un-reached. The cultural team attracts the attention of the public through (Dam Dora) drum beating. Songs and Body theatre is the main medium through which message is conveyed.

Apart from Awareness the organization has a CARE and SUPPORT Shelter for all those children who were orphaned due to parents having HIV/AIDS. These children reside here and pursue their education. Apart from this monthly provisions are also provided to those families having an HIV affected family member.

Project 8: DR RANJAN BABU VOCATIONAL JUNIOR COLLEGE

The Dr. Ranjan Babu Vocational Junior College was established in the year 2004. The main motive behind starting this college was to provide educational opportunities to those students who would otherwise find it difficult to obtain admission in regular colleges with their low socio economic status and grades.

Project 9: TSUNAMI REHABILITATION PROGRAMS

As a part of this project about 103 permanent houses have been constructed for the villagers with the association of the Andhra Pradesh Housing Board Society. Two Tsunami Shelter homes for the Orphans accommodating 50 orphans each have been built to provide shelter to the children who were left as orphans by the catastrophe.

Project 10: MEDICAL CAMPS

Free Medical Camps (Dental and Eye Camps) are conducted wherein eye and dental checkups are done. Cases are identified for operations after which they are assisted to get operated. Preventive medicines for a few diseases are distributed.

Project 11: WATER PROJECT

This project aims at installing hand pumps and Boring Water Holes in areas having scarcity of water. Drinking Water is also supplied through water tankers to various households.

Project 12: VOCATIONAL TRAINING /REHABILITATION CENTRE FOR THE DISABLED

The Vocational Training/Rehabilitation Centre provides vocational training for people with all types of Disabilities. This project aims and developing the skills of the differentially abled and enabling them to be productive members of the society.

Project 13: HERALDS HUMAN RESOURCE ACADEMY

Child Guidance Centre is presently working towards developing human resources in the field of Mental Retardation. The Rehabilitation Council of India has approved the organization to conduct the following training programs

1. Diploma in Education, Special Education, Mental Retardation (D.ED.SE.MR)- Regular Mode of Education.

2. Bachelors in Education, Special Education, Mental Retardation
(B.ED.SE.MR)-Distance Mode of Education

Project 14: CENTRE FOR TRAUMATIZED WOMEN

The Centre for the Traumatized Women has been established in Guntur. This centre works towards the restoration and rehabilitation of 200 traumatized women (including women with disability), by helping them develop into responsible citizens. Vocational Training in different trades like Bangle Making, Beautician course, Bakery, Gardening, etc. is provided to them to make them self reliant.

Project 15: SHORT TERM COURSES

Government of Telengana sanctioned the following Short Term Courses for our institute: Bakery & Confectionery, Beautician Course, Embroidery & Zig-Zag, Pre Primary Teacher Training, Farm Assistant, Gardener Training Course, Accounting Package, DTP and M.S.Office. The purpose of these courses is to generate employment opportunities who could not secure jobs even after acquiring the required qualifications. There is heavy demand for this courses in private and government sectors and the qualified candidate can establish their own entities and earn independently and employee others in their entities.

Project 16: PROMOTING HEALTH AND HYGIENE IN GUNTUR.

The project is to improve the living conditions of the people residing in the rural areas of Guntur by enabling the provision of improving sanitation and security to Girls. As a part of the project 200 toilets have been constructed in the Villages of Vemulurupadu and Nizamapatnam in the district of Guntur.

Project 17: DR SWARNALATHA DEVI VOCATIONAL JUNIOR COLLEGE

The Dr. Swarnalatha Devi Vocational Junior College was established in the year 2011 at Vemaluripadu in Guntur District. The main motive behind starting this college was to provide educational opportunities to those students who would otherwise find it difficult to obtain admission in regular colleges with their low socio economic status and grades.

Project 18: COMMUNITY HEALTH SHELTERS

The Community Health Shelter project based at Guntur is an attempt to enhance health status of the people residing in the Rural areas of Guntur District. The project aims at improving the health conditions of the people in rural areas through proper hygiene and sanitation.

Project 19: HOLISTIC REHABILITATION FACILITY

The Holistic Rehabilitation Facility is a Rehabilitation Centre established at Guntur to offer comprehensive rehabilitation services to people with all kinds of Disabilities. The aim is to empower the differentially abled by offering qualitative rehabilitation services thus enabling them to be integrated into the society by encouraging full participation and protection of their rights. The centre offers various services including Developmental, Intellectual, Audio logical and Ophthalmological

Assessment and Intervention services. The centre works towards preventive and promotional aspects of rehabilitation like education, employment and vocational training, research and manpower development, creation of barrier-free environment.

Project 20: COMMUNITY RADIO STATION

Child Guidance Centre has a Radio Channel of its own Radio Swarna CGC -90.8 FM. The programmes aired on this channel are focused on the development of the community. The Radio Station has played a crucial role in the pandemic in creating awareness of Covid and its vaccination.

Details of the Facilities being provided to the beneficiaries (at the Special School):

- Multidisciplinary team providing diagnostic and therapeutic services.
- Individualized as well as Group training programs by specially qualified teachers.
- Yoga Therapy
- Music Therapy.
- Prevocational and Vocational training.
